Builders PAC won
their races in 2022

LEGISLATIVE ACCOMPLISHMENTS

- Preemptions on mandating residential fire sprinklers (saving approx. \$7,000/home) and banning natural gas
- State funding for residential infrastructure and workforce development
- Business-friendly laws e.g., Right to Work, repeal of Common Construction Wage, defeat employee classification
- Comprehensive Wetlands statute
- Development incentives e.g., Developer's Discount statute & Residential TIF
- Prohibition on local builder license and registration requirements
- Inclusionary zoning prohibition

“Being a production builder, we almost always have an issue at the Statehouse that we are supporting or we’re trying to prevent others from imposing on us. I am amazed at the great work our organization gets done every year at the Statehouse. Part of that is a testament to the team we have working for us, but they certainly would not be as successful if it weren’t for the resources we provide to Indiana Builders PAC so they can increase the number of pro-housing legislators in the Indiana General Assembly.”

**DAVID COMPTON,
PULTE HOMES**

WHAT'S PAC

Indiana Builders Association’s PAC – Indiana Builders PAC – helps to elect pro-housing candidates to the Indiana General Assembly and to connect our members and lobbyists to state legislators.

WHY INVEST

The Indiana Builders Association educates and advocates for the construction industry to positively impact legislative, regulatory, and legal issues that affect housing affordability. IBA’s experienced lobbyists monitor legislation and agency rules and work with state legislators to amend or defeat measures that would adversely impact the industry in the areas of: business regulation, taxation, construction codes and standards, insurance, labor, land development, and energy and environment. Indiana Builders PAC produces winning results at the ballot box, strengthening our voice at the Statehouse.
